

Test Pattern

The test will be based on the difficulty level in synch with Intermediate curricula as per following distribution

Entry test: 50 Questions (English 10 MCQs, GK 10 MCQ, Analytical/ Quantitative Reasoning 10 MCQs Compulsory for all) Remaining 20 MCQs shall be as follows: Mathematics 10, Physics 10 (Compulsory for Engineering applicants) biology/ Computer Science; 20 each (Compulsory for Environmental sciences applicant) human sciences & Arts/ Commerce; 20 each (compulsory for Design, Archeology, History, Visual Arts applicant). In a nutshell, we need to keep the HSC curriculum into consideration for pre- medical, pre- engineering, Commerce & Arts sections. We have a 60% weight age of entry test score in CPN. Each correct answer will be awarded with one mark in the Entry Test. There will be no negative marking. The merit list of the candidates in each discipline will be prepared according to the following.

Percentage of Marks	Multiplying Weightage
a) Matriculation (or equivalent certificate)	10%
b) Intermediate (Pre-Engineering / Pre-Medical / Arts / Commerce) / A levels / Diploma (or equivalent certificate).	20%
c) Entry Test	60%
d) Interview	10%
Total	100%

Note: The weightage of HSC/A Level percentage for old batches shall be 10% Based on the above table, the Composite Percentage Number (CPN) will be calculated as follows:

CPN= $0.1 \times [\text{Percentage Marks in matriculation (or equivalent certificate)}] + 0.2 \times [\text{Percentage Marks in Intermediate (or equivalent certificate)}] + 0.6 \times [\text{marks obtained in aptitude test}] + 0.1 \times [\text{marks obtained in Interview}].$

The merit shall be observed in each discipline as per availability of seats. Admission in each discipline shall be made in order of the choice given by the candidate at the time of application.

If two eligible candidates are competing for one seat, the final decision of admission shall be made in favor of the candidate obtaining higher marks in the Entry Test. In case the entry test marks are also the same, the decision for the admission will be made on the basis of marks in HSC/A Levels or total number of 'As' in SSC/O Level Exams.
